

Detail For Route Through Truckee Is Given Approval

\$11,000,000 Project Slated To Be Completed For Olympics

More than 200 interested citizens Saturday morning gave approval to details outlined by J. W. Trask, district engineer, Blair Geddes, district traffic engineer, and other officials for the division of highways, for the proposed new route for U. S. Highway 40 through Truckee.

At the conclusion of the session it was unanimously voted that the Nevada County Board of Supervisors be instructed to waive the usual public hearing by the state highway commission, this action indicating that the residents and business people of the affected area are satisfied with the alignment and plans for the four lanes.

Trask was accompanied by a group of engineers and state highway officials who went into details regarding the proposed alignment which goes south of the high school and hospital and swerves north at the James McIver home, crossing the present line of 40 and continuing east just north of Truckee proper.

30 Structures Out

Putting the road closer to the main part of town would have involved the removal of more than 130 structures while the suggested route will take out only 30, the official pointed out.

Trask explained that there are several ways in which the state obtains rights of way where homes are involved. These include moving the dwellings to a new site, purchased by the state, outright purchase and demolition and other methods. All methods, he added, were designed to please the owner and it is the desire of the department to cooperate in all ways.

Closer Exit Road

C. Edmunds presented the plan for the chamber of commerce which would include an exit from the freeway closer to the main business section than the ones designed. Trask said this would be studied and provided if possible. Cattle crossings were discussed and the officials declared this phase of the planning would be given full consideration and that cattle and sheep need not worry about being able to cross their stock. Forest service rights were also discussed and it was agreed that in fire emergencies the fire trucks have every right to leave or enter the freeway at will, regardless of possible fence installations.

A number of local people, interested in their homes and their businesses were heard and in almost every instance they seemed satisfied that the new route was being placed to satisfy the largest number and at the same time provide the required freeway standards. There were few exceptions.

One of these was the argument by a representative of the Henness Pass Association that the new road be built to meet that ancient route over the summit, now abandoned and useless for practical purposes.

Want 89 Maintained

Others were interested in the state maintaining the present route as a part of State Route 89 for the purpose of snow removal and to provide easy access to the Brockway Cutoff. This, Trask said, would be a matter for the legislature to decide.

Supervisor H. G. Loehr stated the county's position and declared he is currently studying future plans when the county must take over and maintain the highway being abandoned by the state. An interested spectator at the meeting was State Senator Harold T. Johnson. Also on hand were officials of the Nevada highway commission.

Will Cost \$11,000,000

Trask said that detailed planning on the route, acquisition of rights of way and other matters would be started at once and it was hoped to have funds available and the 15 mile route completed by 1958. More than \$11,000,000 will be required for this particular section, he said.

As soon as this section is well under way, planning will start on the second section which will go from Donner monument to the summit connecting with the Hampshire-Rocks-Soda Springs lateral, now being surveyed.

LOCAL COURT SENDS MONEY TO COUNTY

Foster Wilson of the Truckee judicial district sent into the Nevada County treasury for the month of March a total of \$1,096.50, designate as follows: School assessment under 733 Code of Vehicle, \$25; salary, \$11.50; special road improvement, \$1,058; and law library, \$2.

At Trial—

State Patrolman William Gautsche was a witness at a trial in Nevada City Monday and Tuesday this week.

Attends Hearing—

Orland Sanders of Sparks represented his father, J. E. Sanders of Sacramento at the highway hearing Saturday.

Firemen To Stage Clean-up Drive In District April 21-28

Truckee proper, as well as the entire area of the fire district, is in for an old-fashioned cleanup, if plans inaugurated at the meeting of the fire department Tuesday night can be successfully carried out.

Fire Chief N. F. Dolley said that during the last two weekends of this month, the department will sponsor the drive to rid the entire district of undesirable accumulations of trash, old papers, and even abandoned structures if the owners offer permission.

Property owners and tenants are urged to pile all rubbish where it is accessible for trucks and on April 21 and 28 the firemen and their assistants will call and cart it away. Old lumber and leaves, in fact every possible fire hazard will be eliminated and the cooperation of everyone is asked.

Attention will be given to vacant lots and owners of old sheds, etc. who wish them removed are asked to contact Chief Dolley at once.

Squaw Hills Get Official Approval

Any doubt that the slopes of Squaw Valley are inadequate for staging the various ski races during the 1960 Winter Olympic Games were definitely dissolved this week.

Robert Faure, vice president of the FIS downhill and slalom committee, in discussing the hills with Alan Bartholemey, executive director of the Squaw Valley Planning Committee, described the slopes as "ideal". The hill used during the weekend for the National Alpine Championships was excellent and meets all Olympic requirements.

However, a hill even better has been surveyed in the valley and may be used, Bartholemey said after an inspection trip with Faure.

Bartholemey spent the weekend surveying the local terrain with the experts, discussing various locations for the many facilities and came up with the statement that all events scheduled can be held in the valley. However, additional land area must be obtained if the facilities are to be located for the best advantage of spectators as well as athletes. This, he added, poses no difficult problem.

The executive surveyed the site near the Truckee-Tahoe Wye, offered by the Truckee Public Utility District for a potential speed skating rink. He strongly approved of the location from a standpoint of accessibility and adaptability but pointed out that the decision rests with the International Committee and that since the bid for the games promised that all facilities could be located in Squaw Valley, he would await word from the experts before passing final judgment.

Bartholemey said this summer will be consumed largely with planning and blueprinting and that construction work will start early in 1957.

CALIFORNIA CAFE IS REOPENED TODAY

The California Cafe was reopened today after being closed for the past several weeks.

The eating place will continue under the able direction of Essie and Tony Polyanich and the same type of foods and service which have popularized the California in the past, will be offered.

The cocktail lounge was not closed and will continue to operate.

Truckee Man Plans On Air Trip To Europe

Pete Lazzari, well known Truckee resident, has made reservations to fly to his native Italy on May 18th. He will spend three or four months visiting relatives and friends before returning to Truckee this fall.

Lazzari will make the trip alone.

LAKE LEVEL

TAHOE CITY—With all gates closed, the level of Lake Tahoe Monday stood at 6227.10 feet. There were 28 inches of snow still on the ground at Tahoe City and temperatures for the week ranged from 26 to 54 degrees.

Fund Will Provide An Additional 200 Acres At Donner

No Mention Of Museum Is Contained In Parks Allocation

SACRAMENTO (CNS)—Acquisition of approximately 200 acres of land to expand Donner Memorial State Park, provided for in the 1956-57 state budget, probably will not be accomplished until 1957, an official of the state division of beaches and parks said this week.

Everett E. Powell, in charge of land planning and acquisition for the division, said the acquisition will preserve the natural setting around the monument.

The budget contains an item for \$150,000 for the acquisition, all of which, Powell stated, will be used for land acquisition. Development of new land for park recreation purposes would depend upon availability of additional funds in the future, he said.

Powell said the acquisition contemplated by the division will include about 2200 feet of frontage along the north side of US 40 in the vicinity of the monument. This frontage strip will be about 1000 feet wide.

Another strip of land will be purchased to push the park's lake shore frontage around the southwest corner of Donner Lake to the south shore, Powell said. This strip will vary from 150 to around 700 feet in width.

The park official said there has been no final decision on the acreage of land which will be purchased. He said the acquisition is being planned according to a master plan prepared about three years ago. The master plan, he added, will be brought up to date before final decision is made.

NEW OFFICERS OF PTA ARE SEATED AT MONDAY MEET

Mrs. Edward Frates became president for the coming year of the Truckee Elementary School. Parent and Teacher Association at the Monday evening meeting. Other officers installed are Mrs. Wilber Glenn, first vice president; Lynn Kishbaugh, second vice president; Mrs. Carroll Maynard, secretary; Mrs. R. L. King, treasurer; Mrs. Ray Hinz, historian; Mrs. Dan Hornman, parliamentarian.

Mrs. Ruth Croxon spoke on "Your Child Learns to Read", giving the listeners a comprehensive talk on the important subject.

The first grade pupils, taught by Mrs. Croxon were given the room award for having the greatest number of parents present at the meeting.

Mrs. William Waters was chairman of the refreshment committee. It was decided to have a family pot luck dinner April 27th to be served at 6:30 p.m. in the school building.

INVITATION OUT TO ATTEND OPEN HOUSE

Sergeant Ed Freeman of Truckee who has been assigned to prepare for the observance marking the opening of the new Auburn Area Highway Patrol office at Train Village on U. S. Highway 40, has extended an invitation to local people to attend the open house from 10 a.m. to 6 p.m. Thursday, April 19th.

The program will include exhibits and displays of law enforcement, motor transport and highway engineering and will be of interest to all ages.

Refreshments will be served from 2 until 5 p.m. and everyone is invited to drop in and view the new office and facilities.

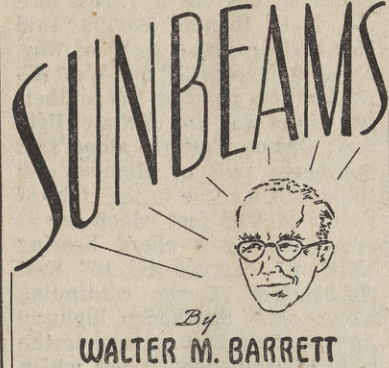

Marty, Mickey Kumle Feted On Birthdates

Two birthday parties, combined in one evening, marked the natal dates of Marty and Mickey, sons of Mr. and Mrs. Gilbert Kumle.

The Thursday affair started with dessert and opening of gifts by the brothers and concluded with the guests attending the Donner Theater.

Back At Big Chief—

Mr. and Mrs. Tony Ralphs returned to Big Chief from a vacation.

By WALTER M. BARRETT

While there are naturally some disappointments over the new routing of U.S. Highway 40 through Truckee, the picture for the future looks much brighter than might have been expected. As a matter of fact, those who have expressed themselves are inclined to believe the community, as a whole, will be greatly benefited. The route lies as close to the center of the community as it was possible to bring it without destroying the economy of a town dependent to a major degree upon travel and tourist trade. Only the future can tell what the effects will be, but one thing appeared quite obvious and that was the apparent sincere cooperative attitude of District Engineer J. W. Trask and his corps of assistants. During the public meeting here Saturday, Trask never diverted from his expressed willingness to be helpful to those affected by the change. The whole theme seemed to be based on two direct desires: first, to provide a highway in keeping with the best freeway standards and second to help as many and hurt as few local property owners as possible. There was never any hint of the high and mighty attitude which too often dominates meetings of this kind.

Funeral services were held at the Hooper-Weaver Mortuary in Grass Valley at 1 p.m. Monday for Mrs. Donna Songer, 51, well known and popular Truckee matron, who expired last Friday following a lengthy illness.

Last Rites Held For Mrs. Donna Songer

Funeral services were held at the Hooper-Weaver Mortuary in Grass Valley at 1 p.m. Monday for Mrs. Donna Songer, 51, well known and popular Truckee matron, who expired last Friday following a lengthy illness.

For the past several weeks Mrs. Songer had been undergoing specialized treatment and surgery at San Francisco but a short time ago was taken to Nevada City. She formerly operated Donna's Beauty Salon here and was affiliated with several local lodges and organizations.

She is survived by her son, Stanley Songer of Berkeley and other relatives. She was a native of Washington state.

Interment was in the Sierra View Memorial Park at Marysville. Among the local people who attended the rites were Mr. and Mrs. James Walker, Mrs. Charles R. Heller and Mrs. Carl Becholdt, Sr., of Tahoe City.

PARALLEL PARKING FOR DRIVING TESTS

In the future, drivers taking tests for driving licenses will be required to display to the examiner at the Truckee office their ability to park parallel.

Examiner Glenn Freeman reports the receipt of two signs and rubber posts which will be installed in front of the local office and between which signs and posts applicants will be asked to park their cars during tests.

TAHOE SKIERS WILL NAME NEW OFFICERS

TAHOE CITY—Officers will be elected for the coming year at the regular meeting of the Squaw Valley Lake Tahoe Ski Club to be held at 8 p.m. Friday, April 13th in the Community Center building at Tahoe City. Ric Giannini is chairman of the nominating committee.

TAHOE CAR STOLEN OFF STREET IN RENO

Mrs. John L. Williams, Tahoe City, told Reno police she parked her car at the corner of Commercial Row and Virginia St. at 11 o'clock a.m. Saturday and returned to find it missing.

The stolen auto was described as a dark green Nash with a California license. Value was listed at \$500.

The A. F. Coes have been occupying their cabin at Donner Lake, arriving in March from Orinda.

Woman Killed In Auto Accident As Others Are Hurt

Car Plunges Into River At Floriston; Driver Is Hurt Badly

Mrs. Mary Jercinovich, 60, Sacramento, was killed instantly and her husband, Mark, 64, was critically hurt in an automobile accident just east of Floriston Saturday afternoon at 2 o'clock.

State Patrolman T. F. Sheehan, who made the investigation, said there was no apparent cause for the mishap. The car ran into the embankment on the right side of the road, swerved across the highway and down the steep bank landing in the Truckee river just above the Sierra Pacific Power Company's flume intake.

Mrs. Jercinovich was pulled from the water by passing motorists, but head injuries caused her death. The body was taken to the Truckee Colonial Mortuary.

The driver was taken to the Tahoe Forest Hospital by Truckee Ambulance Service. His condition was pronounced critical.

Second Mishap

In another crash near Rainbow Sunday morning at 6 o'clock, Donald Kiefer, Sacramento salesman, and Billy Rae Gannattam, North Sacramento, were injured and taken to the local hospital by the Truckee ambulance after their car collided with one driven by George Sadler, Sacramento. Mr. and Mrs. Sadler escaped injury. Both cars were badly damaged. State Patrolman William Gautsche investigated.

DE MOLAY TO HOLD INSTALLATION AT PUBLIC MEET HERE

The Tahoe Truckee Chapter, Order of DeMolay, under the sponsorship of the Low XII Club of Lake Tahoe has now been functioning for over a year. Last month the chapter received its permanent charter from the Supreme Council.

Next Wednesday, April 18, the chapter's semi-annual installation ceremonies will be held for the members who will govern the organization during the ensuing term.

The three being installed at the public ceremonies are Roger Holbrook, Doug Wilson and James Crawford. Rolland Gautsche has headed the order during the closing term.

The public is invited to attend the rites to be held at Masonic Hall at 8 p.m. and a large turn out will be appreciated.

26 LOCAL GIRLS AT AUBURN PLAY DAY

Twenty-six Tahoe Truckee High School girls last Saturday attended the basketball play-day at the Placer High School in Auburn. Four schools were represented, including Auburn, Placerville, Roseville and Tahoe-Truckee.

In the eight games participated in by the local girls six were recorded as wins.

The girls were accompanied by Miss Barbara Kemp and Miss Betty Raker.

REX THOMAS WILL SERVE FIRE BOARD

Following the resignation of R. N. Little as a member of the board of commissioners of the Truckee Fire District, Rex Thomas, Truckee jeweler, has been appointed to the position.

Little resigned the post which he had held for many progressive years to devote his efforts to his insurance business. His resignation was accepted with regrets.

Thomas is the new secretary of the board. A. Pace is the president and the third member is E. K. Stice.

EXCHANGE PULPITS

This Sunday, Rev. A. B. Coughlin of the Community Methodist Church in Kings Beach and Rev. Wesley H. Osman of the Community Methodist Church in Truckee will exchange pulpits.

Visit Roseville—

Mr. and Mrs. Ken Fuday were guests of Mr. and Mrs. Omar Alexander at Roseville, during the weekend.

Committee Plans Airport Study As Group Organized

Questionnaires Proposed In Plan To Determine District Desire

Definite steps to determine whether or not this area desires the benefits which would come from the establishment of a modern airport facility, were taken at a meeting of the Airport Planning Committee, headed by E. V. O'Rourke at the high school Monday evening.

At the meeting a permanent committee, with O'Rourke as chairman, Mrs. Maxine Polzin of Kings Beach as secretary and Lee Apple, Truckee, treasurer, was formed and representatives of all the service clubs in the area who make up the membership were present.

It was determined, after a lengthy discussion on ways and means which a port can be established, to send out questionnaires to all residents of a proposed district to learn their wishes in the matter. A committee comprising Fred Schultz, Kings Beach, Hal Welch, Truckee, and Clay Ditz of Tahoe City, was named to conduct this survey.

Official Speaks

Arthur Kendall, official with the California Aeronautics Commission, was present to explain the part his group can play in the proposed project and urged the committee members to take immediate action so that the port can be completed and serve an important part in the forthcoming 1960 Winter Olympic Games.

Kendall discussed the state and federal participation and said that in a recent talk with Congressman Clair Engle he had been assured of the latter's assistance, in event the project is continued.

Group Membership

Those comprising the committee present at Monday's meeting were William Englehart, Jr., Truckee Lions Club; Carroll Maynard, Truckee Rotary Club; Fred Schultz, Lake Tahoe-Sierra Chamber of Commerce and Brockway; Ken Gordon, Tom Peschong and Richard Roberts, Truckee 20-30 Club; Mrs. Maxine Polzin, North Tahoe Women's club; Mrs. Fred Pedley, Wyethia Club; Mrs. D. Clark, Women's Club of Tahoe City; Lee Apple, Truckee Chamber of Commerce; Max Kruger, North Tahoe Community Club; Walter Mandeville, Council of North Tahoe Organizations and Clay Ditz, Tahoe City Rotary Club.

Others at the meeting were Supervisor H. G. Loehr, who discussed the county's participation, Judge F. W. Wilson and Walter Barrett.

NEW SNOW FALLS IN WIDE AREA OF SIERRA

Although last month was the driest March on record, April promises to be normal from a precipitation standpoint.

The storm which swept most of the state Wednesday night left four and a half inches of new snow here and spread as low as Nevada City and Reno. The precipitation for the storm here was .39 of an inch, bringing the total for the month to .59 and the seasonal total to 45.86, the U. S. Forest Service reports. Normal for this time of the year is 25 inches.

Traffic over Donner was kept moving but chains were required on all vehicles from Donner Lake to Cisco during last night.

POT LUCK WILL BE FEATURE OF MEET

The stated meeting of the Eastern Star on Tuesday, April 17 will be preceded by a pot luck dinner at 6:30 p.m. The chairman for the evening is Pearl Heller and members are asked to contact her regarding food items to bring.

Worthy Matron Mickie Mandeville and Worthy Patron Bud Mandeville will preside.

There will be an "Election Officers Party" tonight at Roseville and all local members are invited.

KOLOS DAUGHTER ARRIVES AT CARSON

Mr. and Mrs. Steve Kolos are parents of a six pound baby daughter born Sunday, April 8th at Carson City, Nevada. The little girl, now visiting with her grandparents at Carson following her release from the hospital, has been named Kathy.

FILM FEATURES CLUB PROGRAM AT ROTARY

The Truckee Rotary Club on Monday evening viewed a moving picture on the rubber industry in South East Asia, the program having been arranged by Hal Welch.

Rex Thomas presided at the business meeting and it was announced that the group will join other service clubs in the area for their next meeting on Wednesday, April 18 in the high school cafeteria.

NOTICE OF TRUSTEES' SALE

On April 17, 1956, at the hour of 10:00 a.m., on the steps leading to the front entrance of the Nevada County Courthouse, situated in the City of Nevada City, County of Nevada, State of California, GARTNER S. THOMAS and THOMAS A. WAHL, as Trustees, will sell at public auction to the highest bidder for cash in lawful money of the United States, the following described real property situated in the County of Nevada, State of California:

formia:

All that portion of the Southeast quarter (SE $\frac{1}{4}$ of SE $\frac{1}{4}$) of Section Seventeen (17), Township Seventeen (17) North, Range Fifteen (15) East, Mount Diablo Base and Meridian, described as follows, to wit:

Commencing at the point of intersection of the Northerly right of way line of the Central Pacific Railway Company with the southerly right of way line of the

State Highway, which point is opposite at right angles Northerly and distant Two Hundred (200) feet from the center line of original main tract at Engineer's Station 12-04.93 and from which point of commencement the section corner at the southeast corner of above mentioned Section 17, bears South 2 degrees 45' 40" East 759.50 feet; thence from said point of commencement, North 81 degrees 37' 55" West along the Northerly right of way line of the Central Pacific Railway Company, a distance of 364.93 feet; thence continuing on said Northerly right of way line on the arc of a curve to the left of radius 1018.64 feet, which arc is subtended by a chord bearing South 89 degrees 51' West 301.74 feet; thence leaving said Northerly railroad right of way, North 9 degrees 37' 50" West 47.73 feet to a point on the southerly right of way line of State Highway; thence Easterly along said Southerly line of Highway on the arc of a curve to the right of radius 1160.00 feet which arc is subtended by a chord bearing North 87 degrees 44' 18" East 302.31 feet; thence continuing along said Southerly highway line on the arc of a curve to the right of radius 960.00 feet, which arc is subtended by a chord bearing South 73 degrees 12' 10" East 385.16 feet to the point of commencement and containing an area of 0.712 acres, more or less.

EXCEPTING AND RESERVING THEREFROM the following: (a) Any portion that might lie within the boundaries of the Central Pacific Railway Company's four hundred foot right of way. The meridian of this description is based upon the meridian of the highway survey—subtract 0 degrees 30' in azimuth to obtain true bearings.

(b) A portion of the Southeast quarter of Section 17, Township 17 North, Range 15 East, M.D.B. & M., described as follows:

Beginning at the intersection of the Westerly line of a power line right of way, fifty feet in width, and the Southerly line of the tract of land described in that certain deed of Southern Pacific Land Company to Vanderford recorded in Volume "62" of the Official Records of Nevada County, California, at Page 452, and from the point of beginning of the hereby described tract, the point of beginning of the tract of land described in above mentioned deed bears South 81 degrees 37' 55" East 189.24 feet; thence North 19 degrees 47' East along the Westerly line of said power line right of way for a distance of 47.30 feet to a point on the Southerly line of U.S. Highway 40, from said point a concrete highway monument on the Southerly line of said highway at Station 19-62.9 E.C. bears South 65 degrees 53' 05" East 229.04 feet; thence from a tangent which bears North 72 degrees 44' 10" West along the arc of a curve to the left whose radius is 960 feet through an angle of 2 degrees 59' for a distance of fifty feet, said arc being represented by the chord of North 74 degrees 13' 40" West 49.98 feet; thence South 19 degrees 47' West 53.87 feet to a point on the

ed Southerly line for a distance of 50.87 feet to the point of beginning, containing 0.058 acres, more or less.

Southerly line of the parcel described in above mentioned deed to Vanderford; thence South 81° 37' 55" East along last mentioned (c) A portion of the Southeast quarter of said Section 17 described as: Beginning at a point on the Southerly line of the tract of land described in that certain deed of the Southern Pacific Land Company to Vanderford recorded in Volume "62" of the Official Records of Nevada County, California, at Page 452, and from the point of beginning of the hereby described tract, the point of beginning of the tract of land described in the above mentioned deed bears South 81 degrees 37' 55" East

240.11 feet; thence North 19 degrees 47' East 53.87 feet to a point on the Southerly line of U.S. Highway Forty; thence along the Southerly line of the said highway on the arc of a curve to the left having a radius of 960 feet for a distance of 20 feet (said arc being represented by the chord of North 76 degrees 19' West 20.00 feet); thence leaving said highway South 19 degrees South 32' West 55.69 feet to a point on the South line of the tract of land described in above mentioned deed; thence South 81 degrees 37' 55" East along the South line of the tract of land described in above mentioned deed for a distance of 20.00 feet to the point of beginning. Containing 0.02 acres, more or less.

Said sale will be made to satisfy the obligations secured by and pursuant to the powers of sale conferred in a certain Deed of Trust executed by JESSIE A. VANDERFORD, a widow, as Trustor, and GARTNER S. THOMAS and THOMAS A. WAHL, as Trustee, and BESSIE D. DEVONEY, GEORGE C. ALEXANDER and JOHN COSTELLO, as Trustee in Bankruptcy of MARION SPENCER STRICKLAND, as Beneficiary, which said Deed of Trust was recorded in the office of the County Recorder of the County of Nevada, State of California, on October 1, 1954, in Book 202 of official records at Page 50, and under Recorder's Serial No. 11297.

Default was made in the payment of the sum of Nine Thousand Five Hundred Seventy-nine and 99/100ths Dollars (\$9,579.99), the principal amount due under the terms of the Promissory Notes for which the above mentioned Deed of Trust was given as security. A breach of the obligation for which said Deed of Trust is security has occurred. Notice of breach of obligation and election to sell said real property was recorded in the Office of the County Recorder of the County of Nevada, State of California, on the 9th day of December, 1955, in Volume 215 of official records, at Page 467. This Notice is given in compliance with the demand this day made on the Trustees by the Beneficiaries.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Spring Arrives

It seems that while we were out on a short vacation spring really came to Tahoe in all her glory. So we presume that the old proverb must have failed this time—the one about March coming in like a lamb and going out like a lion. It came in like a lamb all right, but it evidently went out like the same kind of gentle animal.

The snow is completely gone at last all along the shoreline, and the willows and alders in their first budding stage are a mist of spring green. The summer birds are all in again and very busy, and even the wild rose buds are beginning to show a little. It looks like spring has really sprung—and early too.

Visit Daughter

Although our vacation was short, we put in every hour to good advantage. Lodging near the Hamilton Air Force Base entrance, we took all meals on the base. (That's where you really acquire an appetite.) And each day we were escorted, by our daughter Alic Florence Vernon, along the free-ways in every direction for countless miles among the green coastal hills. We visited the Valley of the Moon, the Redwood Groves and other show places, and even spent one afternoon seeing the Fleischacker Zoo and all the wonders of the cliff house vicinity. However, it is always nice to come home again to Tahoe.

Back from Europe

During the past week in Tahoe City Miss Kathleen Starratt returned home from a long winter vacation in Europe. She spent two months, mostly among the ski-sports areas over seas, the first part in the vicinity of Cortina, Italy where she witnessed the

Olympic contests for this season. Later she visited other parts of the Italian Alps, and spent some time in Munich and in Vienna, Austria, and in Paris, France.

Accepts Position

Miss Dodie Post, a well known past skier, who was formerly employed for quite some time in Squaw Valley, has recently accepted a position as secretary in a private home at Pebble Beach, near Carmel. She is now working for Ernest Gann, the famous author of the book "The High and The Mighty", which has recently become very popular as a motion picture play. Author Gann is now reported to be very busy in the privacy of his beach home on the writing of a new story which may even top the first one on the movie reels.

Tahoe Visitors

Among well known visitors here to witness the results of the weekend National Ski Tournament in Squaw Valley were the following: Mr. and Mrs. Charles Proctor of Yosemite Valley, Mr. and Mrs. To-

ny Ryerson and family, who recently bought a summer home on the lake at Brockway, and Mr. and Mrs. J. Philip Murphy, with daughters Jean and Judy, who recently bought the Kent home near Tahoe Park. The Murphys spent the past several days as guests of Squaw Valley Lodge. They motored up from their winter place in Piedmont to be on hand for the nationals. Two noted skiers who participated in the national events were James Huidekoper of Jackson Hole, Wyoming and Dick Movitz of Salt Lake City. For the beginning of the national events on Friday there were 56 men entries and 17 women, and more were expected. These entries were from nearly all the states in the union. All results of the tournament were still not definitely certain on Monday.

Back At Valley

Mr. and Mrs. Malcolm Fox and small daughter Mary Tabor are back again and have opened their Squaw Valley home for the summer, after spending most of the

winter in Europe, and the past two or three weeks touring the east in their new car. Malcolm is still feeling the effects of an emergency operation which he underwent while over seas, but is definitely on the mend since his arrival home.

Out of Hospital

Little Judy Fanger, daughter of Mr. and Mrs. Al Fanger, proprietors of the Tahoma Resort, is reported at home from the hospital this week and fast recovering her normal health. She suffered a several days' illness recently and was in the Tahoe Forest Hospital.

Business Building

Building construction in the business line is fast progressing in Tahoe City and vicinity as the spring season advances. The Standard Oil Co. is completing arrangements for the building of a large new service station on the Bechtold's highway property known as the Circle Cottage Court, which site is situated a few hundred feet north of the present Standard station. Re-

portedly three cottages are to be removed to make way for the new modern building and equipment. Construction is to begin soon, and the present station now operating will be closed when the new place is ready to open.

New Motel

Another report states that construction is to begin within the month on the long-planned cottage court, or motel, which is to occupy the Front Street property of the former R. M. Watson estate, which property has changed ownership twice within something over a year. The large plot of land has been cleared of all the old buildings and other obstructions, forms a beautiful site for an extensive motel.

Business Block

Wm. G. Cook of this city plans within the next two weeks to start construction of a new and modern business block on his highway property here. He plans to first move his present residence which faces on Front Street, and is to face the shoreline on the lake front. Following this a row of business houses will be built from the highway down to the beach, facing on Grove Street. The trend of building construction through the past few years has included more and more toward the northern suburbs of Tahoe City, and we hear that two other north-front street sites have very recently been sold, and the new owners plan to erect business buildings.

Club Meets

The Tahoe Women's Club held its regular monthly meeting last Thursday in the dining room of the Tahoe Inn. A prime steak dinner was served at mid-day to twenty members and their guests. The fol-

lowing business session was very short, and the afternoon hours were occupied with social activities. The club's next regular meeting will be held on the first Thursday in May, unless the present schedule should change.

Rotary Meets

On the evening of Tuesday, April 3rd, the Tahoe City Rotary Club held its regular semi-annual Ladies' Night entertainment at the Tahoe Inn. Seventy Rotarians with their wives and friends enjoyed a specially fine dinner served by the management, and the Easter motif was continued in the way of decorations. As the major entertainment of the evening motion picture reels in color were run showing the Tahoe Rotary's golf tournament here a year ago. Most of the attendance were interested to view themselves as actors in the picture. In the way of an added feature of interest on the evening's program, each of the Ladies of Rotary were asked to tell a short-short story, preferably of an amusing nature. Some of the witnesses say it is surprising how many pretty good humorists there are among the resident ladies of Tahoe and vicinity.

Water Line

The Tahoe City Utility District on Monday, April 9th, started the work of laying 565 feet of six-inch water main extension pipe along Front Street in the heart of town. 500 feet of it will run south from Jay's Drug on the west side of the street, and 65 feet across to the Kilner business block on the opposite side. This lengthy extension is to provide for the additional service now becoming necessary, and for an added standard size fire hydrant which is needed there.

Tahoe-Truckee School District News

DONNER TRAIL

Miss Idoni and her group of little children are happily working on their puppets. On Friday they had a general puppet workshop. Beside working on the puppets all of the children are learning their routines for the music festival. Later on we will start working on the costumes.

Our new thermometer reported a high of 70 on Thursday. This was duly recorded on our weather chart.

The snow is leaving, the playground is gradually coming out of its winter cover and we all are now planning outside every chance we get.

TAHOE LAKE KINDERGARTEN AND FIRST

GRADE: Tahoe Lake first graders found a most delightful poem about fairies and the magical word "Crab-apple".

Top spellers this week were Armen Abrahamian and Chris Beavers with 100 percent double star papers on the 17 word review test Friday.

SECOND, THIRD, AND FOURTH GRADES: After a comparative study of thermometers, Mrs. Farr's class recorded all the special features of the weather thermometer and drew very colorful illustrations of the same.

KINGS BEACH

KINDERGARTEN AND FIRST GRADE: This week we had another birthday party. It was Diana Astles' sixth birthday and cake and punch were served by Diana's mother, Mrs. Jim Astle. Prizes were won by Shari Decker and Andy Thompson. Diana's sisters, Linda and Susan, also attended the party.

SECOND AND THIRD GRADES: Kenny Kammerer, a new second

grader, came from San Lorenzo, California.

After seeing the film, Everyday Courtesy, we learned how to introduce people by dramatizing.

Larry Free returned from Florida this week. He brought Mrs. Wing a pastel colored necklace and earrings made of Florida sea shells.

Friday during art period, we made posters for the Masonic Public Schools Week Poster Contest. FOURTH, FIFTH, AND SIXTH GRADES: This week the class came back from Easter vacation well rested. They started on their unit of work the Rancho Life in Early California.

With the coming of spring weather the P. E. program emphasis has been on tumbling and baseball.

TRUCKEE ELEMENTARY

KINDERGARTEN: We are glad to welcome Karin Mexiner to our class. She has moved here from Fresno.

Our most recent paintings have been of a railroad by Chris Kumble, a station by Shelia Smotherman, a jail house by Wilbur Glenn, footprints with stairway by Karin Mexiner, Robert Goldsmith and Michael Kydd painted caves, and Susan Schuler painted a window.

FIRST GRADE: Russell Glenn, Bruce King, Gary Kehm, Gary Waters and Bill Waters are reading a new book this week.

Those doing good in independent reading are Susie Olano, Timmy McLane, Kathy Braasch and Gail Englehart.

John Collier, Charles Collier and Eddie Steele are doing good work on learning their consonant sounds.

Patty Demming came to our room as a new student this week.

SECOND GRADE: Diane Pankoke, Ricky Ralphs, Claudia Ayala, Ann Morey, Alexandra Cushing, Fosten Wilson and Dennis Richards have just finished reading Down Singing River. They made their own attractive workbooks to accompany it.

They will read In New Places next. John Sturcke and Sherry Borden will be new members of this group.

THIRD GRADE: In the study of Children of the World, Eddie King gave a report on People of Africa: Jimmy Roth, Children of Canada; Judy McGwinn, Children of Lapland, and Gregory York, Children of America.

Those making a hundred in spelling were: Sheila Larrivee, Jimmy Roth, Steve Davis, Danny Garcia, Carol Kunkler, David Saroni, Marcia Leamon, Judy McGwinn and Douglas Hagens.

FOURTH GRADE: Fourth grade has been working on several plays. The plays were from our reading books. The committee chairmen were Karen Kielhofer, Gary Costa, Steve Besio, Salvador Cabrera, and Wayne Arterburn.

FIFTH GRADE: One of the reading groups in our class, the Singing Wheels group, put on a short play called "Hastings Mills". The group was made up of David Pankoke, Gary Brines, Jim Grady, Dennis Whitneck, Janice Roth, and Kenneth Lloyd, who changed the scenes. Mr. Smith helped us set up standards for the script.

SIXTH GRADE: We are glad to have Jane Kaupp join our class this week.

Our "grey" reading group will begin a new text next week called Adventure Lands.

44 Lake Lots Are Sold In Tax Sale

AUBURN—Arthur K. Brennan, county tax collector, announced Harry S. Hooper of Yuba City, Sutter County, and Rosalie T. La More of Van Nuys have purchased 44 lots in Brockway and Woodvista near Lake Tahoe for \$5,075 in a tax sale conducted at his office.

The Brockway Land and Water Company and the Oakland Investment Company paid \$4,500 for partial redemptions on other property in eastern Placer County.

The delinquencies total \$24,755, leaving \$20,255 to be paid to complete full redemptions.

Brennan said his office remained open during the noon hour through April 10th to accommodate taxpayers owing their second installment of 1955-1956 taxes. They became delinquent at 5 p.m. April 10th.

OPPOSITION FOR ZONING AT TAHOE

AUBURN—The board of supervisors is studying a petition to rezone property owned by Edward and Theresa Malley at Lake Vista, Lake Tahoe.

Malley requested the property be changed from residential to commercial to permit him to build a structure housing two offices and residential quarters.

He pointed out adjoining property, just across the state line in Nevada, is commercial and his land is not suitable for purely residential purposes.

A delegation of 35 residents of Lake Vista attended the hearing, the large majority opposing the change. Bradley Wallace termed the proposal a process by which the whole area gradually would be put to commercial use.

The supervisors studied a report from the county planning commission, which opposed the rezoning but recommended Malley be granted relief if possible.

BUSINESS BOOM IS REFLECTED LOCALLY

SACRAMENTO—The 1955 business boom continued through the fourth quarter with more than enough vigor to give the year-end economic forecasters a substantial basis for their optimistic outlook for this year, according to Paul R. Leake, Chairman of the State Board of Equalization.

Self-assessed transactions subject to the California sales and use tax during the fourth quarter of 1955 missed the 5-billion-dollar level by less than 1/2 of one percent and surpassed the previous fourth-quarter record set a year earlier by \$634,670,000, or 14.6 percent. The taxes on these transactions amounted to \$149,481,300 and brought the State's revenue from this source to \$539,806,290 for the full calendar year. Board assessments of tax, interest, and penalties on undeclared sales, erroneously computed returns, and tardy returns accounted for another \$12,594,255 in 1955.

Taxable sales in Nevada County amounted to \$5,271,000 in the fourth quarter of 1955, an increase of 11.17 percent from the corresponding quarter of 1954.

The "brown" reading group has been showing marked improvement in content recitation. The following people are members of this group: Pamela Freeman, Linda Giovannoni, April Lander, Dee Dee Frates, Mike Kumble, Gene Miller, Mike Armstrong, J. C. Robertson and Jane Kaupp.

Members of the "yellow" reading group are busy in workbook exercises. Julia Fuentes and Catalina Marroquin are doing excellent work in the beginning of the yellow book.

VETERANS SKI AT SUMMIT ON SUNDAY

NORDEN—The National Veterans (senior) giant slalom to be run at Sugar Bowl Sunday has attracted a large list of entries from all parts of the country. Among the entries is Dr. Fred Pinkham of the Avalanche Club, last year's winner at Santa Fe.

The annual Silver Belt invitational trophy race will be held April 22 and the giant slalom course will be set on Mt. Lincoln. The field will include Tom Corcoran, Olympic skier, Christian Prada, former world champion and others on note.

Navy Veterans Will Hold Renuion At South Tahoe

AL TAHOE—The American Legion will host a reunion of navy veterans at an affair to be held at the American Legion hall at Al Tahoe Tuesday, April 17th. Navy, marine and coast guard personnel, regardless of whether they are members of the American Legion or not, are invited to participate and renew acquaintance and gain new friends.

An entertaining program, featured by a Dutch lunch, is scheduled and all navy vets, from the lowest class seaman to admirals are welcome.

COUNTY TO SHARE IN ROAD USE TAXES

SACRAMENTO (CNS)—Robert C. Kirkwood, state controller, today announced that Nevada county will receive \$20,627 as its share of highway users taxes apportioned to counties in March.

Kirkwood said apportionments for the month amounted to \$5,440,463 for counties, \$2,109,585 for cities, and \$23,110,610 for the state highway fund.

Tahoe—Mrs. Fern Schlueter who has been traveling during the winter has left Oakland to visit friends and relatives in Modesto, Yuba City and Lincoln before returning to her place at Tahoe City.

The Manuel Caesars arrived at their Kings Beach home after spending several months in San Francisco.

California's salt industry is largely centered on San Francisco Bay.

HEALTH CONFERENCE
KINGS BEACH—A Child Health Conference, sponsored by the Placer County Health Department will be held at Carpenters' Hall, Kings Beach at 1 p.m., Thursday, April 19th.

GRAFF CALIFORNIAWEAR

STRICTLY STRICKLAND

By Bill Strickland

You'd think we'd be able to write at least one column without mentioning skiing, and even though we said we would last week—we find ourselves right back in the thick of it again.

Billy Woods and Rennie Cox, two very good juniors walked off with the U.S. Downhill Championships and also the combined title. We saw these youngsters in competition in the Junior Nationals at Franconia. The way they handled themselves on that New Hampshire ice was something to see,

and as a result our corn snow was a breeze to them. While the skiers from the west were condemning the icy conditions or the wet, heavy conditions, these eastern youngsters were having the time of their lives whizzing down steep open slopes on a 15 foot pack instead of 15 inches. The circumstances have caused us to remember the many, too many times we've heard competitors and skiers say, "It's too icy," or "we don't have to ski on this stuff, let's wait until tomorrow, maybe the snow'll be better". There was part of the answer for sure.

Having watched all of the Juniors at Franconia, we'd like to try our hand at prophesying some of the comers:

1. Patsy Walker-Patsy's two slalom runs were almost five seconds faster than Rennie's—but, she fell in the Downhill; so was out of the

ENGINEER NAMED TO REPAIR KINGS BEACH SEWER LINE

KINGS BEACH—The North Tahoe Public Utility District serving Kings Beach and the Crystal Bay commercial area with sewage disposal service has engaged L. Cedric Macabee, Palo Alto engineering consultant, to direct repairs of damage caused by high water. He also is to correct the cause of operational failures.

Macabee explained the first immediate problem is too much water which is causing congestion in the lines and a pumping cost three times as high as it should be at this time of the year.

The other immediate problem is that odors caused by the dumping of active sewage into the lines.

One user on the Nevada side of the line has been told a large storage tank equipped with automatic pumps was the cause of most of the odor in the Crystal Bay area last summer and that it must be eliminated.

In addition there are private dwelling hookups which allow the waste to go through the old septic tank before it is discharged into the sewers. These must be bypassed or otherwise eliminated from the system.

When these two major problems are corrected, Macabee said, the main plant must be enlarged.

This has been ordered by the state department of public health and probably will require some type of financing by the district.

combined picture.

2. Joan Hannah-Joans Downhill time was eight seconds faster than Rennie's second place, but, she fell in the slalom—so she was out of the combined also.

Each of the above girls though, should develop into top competitors in their specialties.

Dave Gorsuch, Dave Butts, Loris Werner and Ronnie Rau look like the cream of the men along with Woods, plus Jimmy Heuga, how can you leave him out? Save this for 1960, will you?

Downhill Results—Men: 1. William Woods, Mt. Mansfield; 2. Ted Armstrong, Wash.; 3. Dick Buek, Soda Springs; 9. Garoner Smith, Reno; 14. Bob Kolak, Roseville.

1. Tom Corloran; 2. William Woods; 3. Ted Armstrong; 8 Bob Kolak; 14 Dick Buek.

Mens Combined: 1. William Woods; 2. Ted Armstrong; 3. Tom Carter; 4. Dick Buek; 9. Bob Kolak. Women's Downhill: 1. Rennie Cox, New York; 2. Sally Deaver, Philadelphia; 3. Mady Springer Miller, Stowe, Vt.; 7. Jackie Davenport, Pasadena.

Women's Slalom: 1. Sally Deaver; 2. Rennie Cox; 3. Noni Foley, Sun Valley; 4. Jackie Davenport.

Women's Combined: 1. Rennie Cox; 2. Sally Deaver; 3. Mady Springer Miller; 4. Noni Foley; 6. Jackie Davenport.

Kings Beach PTA Sponsoring Spring Dinner April 14th

KINGS BEACH—The Kings Beach PTA will hold their annual spring dinner at the Kings Beach school on Saturday, April 14th.

Dinner will be served at 6 p.m. and tickets are now on sale. Ray Bisio will show films on Alaska at 7:30.

The committee has planned a delicious dinner and an interesting program and the public is cordially invited.

FISH, GAME BUDGET UP TO COMMISSION

SACRAMENTO (CNS)—Attorney General Edmund G. Brown has ruled that the state fish and game commission has power over the state department of fish and game in preparing the department's budget.

Brown held the commission has implied powers to control the department's budget through its powers to create policy which the department must carry out.

The attorney general also ruled that the director of the department is responsible to the governor for administration of the department, and to the commission for carrying out the policies established by the commission.

Harley E. Knox, president of the fish and game commission, requested the opinion.

SHOP IN LOCAL STORES

State Highway Group In Rapped For Action In Acquiring Property

SACRAMENTO (CNS)—The assembly passed a measure which would require the California highway commission to arrive at arrangements with cities and counties before pushing freeways across expensive property.

Passage of the bill was accompanied by strong criticism of the highway commission and its policies in adopting routes and acquiring rights of way for freeways.

Ralph M. Brown, Modesto, author of the bill, said the proposal was intended to head off situations such as occurred in Modesto where in the commission acquired valuable properties and removed them from the local tax roles, then was unable to complete agreements with the city concerning the freeway.

William F. Marsh, North Hollywood, supported the bill. He referred to the highway commission as a bureaucratic "monstrousity" and condemned that agency's "arbitrary" actions in cutting swaths through expensive real estate.

March cited an instance in his district in which the commission authorized purchase of some 200 homes for a future freeway right of way rather than traverse a nearby private golf course.

Charles E. Chapel, Inglewood, also backed the measure. He asserted that members of the highway commission were "rubber stamps" which engaged "in questioning of what the division of highways has already done."

Lee Backstrand, Riverside, opposed the measure, declaring that

the bill would tie up freeway construction in many localities and would make "a political football" of highway planning.

The bill, AB73, was approved by the lower house 52-18.

The Navy's Test Pilot Training School at the Navel Air Test Center, Patuxent River, Md., is one of only three such schools in the free world.

Rules and Regulations Water Service

In keeping with sound business policies in use by most private and public utilities throughout the country, the directors of your Utility District have adopted a set of Rules and Regulations governing the water service of the District that among other things, requires hereafter a Service Connection Charge to connect to the water mains.

They also provide for the method of handling Complaints, the Extension of Mains into new territory and the regulation of Cross Connections between private and District lines.

The rules govern the application for service; Special Contracts; Establishment of Credit; Types of Service; Meter Installation, Maintenance and Reading; Adjustment of Bills; Temporary Service; Automatic Fire Service and Excess Water Usage.

Interested parties may obtain copies of the Rules and Regulations at the office of the District.

TRUCKEE SANITARY DISTRICT ORDINANCE NO. 5

An ordinance of the Truckee Sanitary District Defining Garbage, and Providing for Regulation, Keeping, Gathering, Receiving, Disposing and Destruction thereof; Providing for the Collection and Disposition Thereof by the Truckee Sanitary District; Fixing the Fees to be Paid for Said Service; Making it Unlawful to Spill or Throw Garbage of any kind upon the Streets, Alleys, Public Places or Vacant Lots of Truckee Sanitary District; Making a Violation of the Provisions of This Ordinance a Misdemeanor, and Providing a Penalty Therefor.

WHEREAS, the proper sanitation of the Truckee Sanitary District and the preservation of the health of the inhabitants thereof require that an ordinance be enacted providing for the collection and disposal of garbage by the Truckee Sanitary District under license and also providing for and regulating the gathering, removing, disposing, burning and destroying of all garbage;

The Board of Directors of Truckee Sanitary District does ordain as follows:

Section 1. GARBAGE, as the said word is made use of in this ordinance, shall include all of the following: (a) animal, fruit and vegetable refuse; (b) offal; (c) leaves and cuttings, trimmings from trees, shrubs and grass; (d) inorganic refuse and rubbish; (e) anything thrown away as worthless.

Section 2. It shall be the duty of every tenant, lessee or occupant of any private dwelling house and of the keeper of every hotel, restaurant, eating house, boarding house or other building where meals are furnished and of the tenants and or owners of every flat or apartment house, and of every other person having garbage, to provide without expense to the Truckee Sanitary District, and at all times to keep within said building or on the lot on which said building is situated, suitable and sufficient water tight cans or receptacles with suitable bales or handles, and each having a tight fitting cover, for receiving and holding without leakage, or escape of odors, and without being filled to within four inches of the top, all the garbage which would ordinarily accumulate on said premises in one week's time; and all such cans shall be placed at least four inches above the ground unless they are of the type designed to be sunk to or below the level of the surrounding earth and fitted with a cast iron cover, and shall be so placed as to be readily accessible for removing and emptying the material therefrom by the collectors, and where they will not be a public nuisance or in any degree offensive. Such garbage cans or receptacles must be emptied by the collectors at least once each week. Cans or receptacles for garbage shall have a capacity of not less than ten gallons, nor more than thirty gallons. No can or receptacle for receiving garbage, shall be placed on or in any street, alley, sidewalk, footpath or any public place whatsoever, except in accordance with rules and regulations established under this Ordinance for the collection of the same. It shall be unlawful to keep, place or deposit garbage on any private grounds or premises whatsoever, except in cans or receptacles as designated in this ordinance.

Section 3. It shall be unlawful for any person in the Truckee Sanitary District to throw or deposit garbage, or to cause the same to be thrown or deposited, upon any street, alley, gutter, park, or other public place, or to throw or deposit the same in or upon any vacant lot, or backyard, or to store or keep the same otherwise than in cans or receptacles, as required by Sections 2 and 4 of this ordinance. Each day's violation of this section shall be treated and considered, and the same shall be a separate and distinct offense.

Section 4. It shall be the duty of every tenant, lessee and occupant of every private dwelling house and of the keeper of every hotel, restaurant, eating house, boarding house, apartment house or other building where rubbish will accumulate, to provide boxes, barrels or other receptacles to be kept on said premises sufficient to hold the rubbish which would ordinarily accumulate on such premises in one week's time, and all rubbish accumulating on such premises shall be placed in such boxes, barrels or other receptacles. Said boxes, barrels, or receptacles shall be so placed as to be readily accessible, to the collectors for the removal of rubbish therefrom. No one of said boxes, barrels or receptacles shall have a capacity exceeding one hundred gallons. The garbage collector shall be the exclusive judge of the sufficiency of such boxes, barrels or receptacles.

Rubbish as used in this section shall consist of the combustible matters under the provisions of subdivisions (c), (d) and (e) of Section 1 of this ordinance.

Section 5. It shall be unlawful to deposit any garbage within the territorial limits of Truckee Sanitary District, or within four hundred yards thereof, except at the place designated by the licensed collector, for the purposes of destruction.

Noncombustible matter, under the provisions of subdivisions (d) and (e) of Section 1 of this ordinance may be used for filling in on low lots within the territorial limits of the Truckee Sanitary District, upon receiving written permission of the Board of Directors of the Truckee Sanitary District.

Section 6. It shall be unlawful for any person, firm or corporation, other than the collector as may be designated by the Board of Directors of Truckee Sanitary District, under contract therefor, or his agents or employees, to collect, dispose of, transport, carry or convey through the streets, alleys, or public thoroughfares, of the Truckee Sanitary District, any garbage, or other matter offensive to the sight, or to collect or dispose of the same.

Such licensees of the Truckee Sanitary District shall collect and remove such garbage, rubbish or offensive matter in trucks or other suitable conveyances which shall be numbered with the number of each painted on the outside thereof so as to be plainly seen and which shall be so loaded that none of such garbage, rubbish or offensive matter shall fall, drip or spill to the ground.

Section 7. It shall be unlawful for any person, firm or corporation to drive, or to cause to be driven upon or along any street, alley, highway, place, court, or other public place within the limits of said district, any vehicle loaded with noncombustible matter, as set forth in Section 5 or this ordinance.

Section 8. Any person may lawfully burn combustible matter under the provisions of subdivisions (c), (d) and (e) of section 1 of this ordinance, except on streets, alleys or highways, subject to the provisions of this ordinance, in an incinerator of a type approved by the Health Officer, between the hours established by State Law or Truckee Sanitary District ordinance. If the garbage collector is required to clean the ashes from any such incinerator he shall be entitled to charge and receive the sum of fifty cents for each such cleaning. All such incinerators shall be wholly cleaned at least once each month.

Section 9. It shall be unlawful for any person to throw or deposit, or to cause to be thrown or deposited, any garbage as defined by this ordinance (except bricks, brickbats, cement, plaster, stones and gravel, and these only under a building permit) in or upon any vacant lot or in any back yard, or on or upon any street, alley, gutter, highway, park or other public place in the territorial limits of Truckee Sanitary District; or to deposit or place or keep any rubbish or waste matter except in the manner prescribed in Section 4 of this ordinance; provided it shall be lawful for the owner or tenant of any premises to burn leaves, prunings or other matter as set forth in subdivision (c) of Section 1 of this ordinance, obtained from the premises from trees, plants or other similar growths in the Truckee Sanitary District outside the fire limits thereof without an incinerator in any convenient and safe manner except on streets, alleys or highways of the character set forth in Section 8 of this ordinance.

Section 10. It shall be the duty of the Garbage Collector of the Truckee Sanitary District to gather, collect and dispose of by dumping, distribution, or sale, all garbage, rubbish and waste matter except as hereinafter provided. It shall be the duty of the Garbage Collector to collect all garbage in said District at least once each week and at such other times as the necessities of the particular case require.

Section 11. For the purpose of said collection the licensed collector may divide the District into as many districts as may be deemed necessary for the convenient collection of garbage, rubbish and waste matter, and may fix a day or days on which the same shall be collected in said districts.

Section 12. Any person from whom garbage, rubbish and waste matter is collected under the provisions of this ordinance, shall pay the Garbage Collector the following fees for said service:

1. For the collection of Garbage, rubbish and waste matter, once each week, where the combined amount collected from the person paying does not exceed thirty gallons at one collection, the sum of Two (\$2.00) Dollars per month; where the

amounts exceed thirty gallons per collection, there shall be an additional charge of fifty (50) cents per week for each additional fifty gallons or fraction thereof, and for more than one collection per week, the charge shall be twenty-five (25) cents per pick up for each additional 30 gallon collection.

The above amounts for regular collections shall be payable in advance; payment for special clean-up jobs shall be made at the time the services are performed.

Section 13. It shall be unlawful for any person or persons other than the duly authorized collectors of Truckee Sanitary District, as prescribed in this ordinance, to collect garbage or rubbish, or to interfere in any manner with any receptacle containing garbage or rubbish or the contents thereof, or to remove any such receptacle from the place where the same are placed by the owners or lessees thereof, or to remove the contents of such receptacles.

Provided, that any person, firm or corporation owning noncombustible matter, as the same is defined in Section 5 of this ordinance, may transport the same on the streets and alleys of the Truckee Sanitary District, only in accordance with the provisions of this ordinance.

Section 14. The Board of Directors of the Truckee Sanitary District may in its discretion require that the Garbage Collector as licensed by said Board of Directors execute a surety bond in the sum of Five Hundred (\$500) Dollars, payable to the Truckee Sanitary District, conditioned upon its faithful compliance with all the provisions of this ordinance and its contract with the said Truckee Sanitary District.

Section 15. Every person, firm, association, or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed Three Hundred (\$300) Dollars, or by imprisonment for a period of not to exceed three (3) months or by both such fine and imprisonment.

Section 16. If any fee provided for in this ordinance is not paid within sixty (60) days from the due date thereof, a penalty of one hundred (100%) per cent shall be added to said fee which shall be collected in the same manner as hereinafter provided. Any person by whom the garbage fee is payable, who, after notice given by the Collector by bill rendered to such person or left in a conspicuous place on the premises, refuses or neglects to pay such garbage fee, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished as provided by Section 15 hereof.

Section 17. Ordinance No. 4 and all other ordinances or parts thereof in conflict herewith are hereby repealed.

If any portion of this ordinance is held unconstitutional, such decision shall not affect the validity of any other portion of this ordinance.

TRUCKEE SANITARY DISTRICT

NORTH TAHOE

By JUDGE HARRY CHARRISON

Student Nurses Capping

I hope you will forgive me if I kind of slow up on the local news this week, but this is something close to my heart. My wife, our grandson David, and myself, left last Saturday morning for Salt Lake

City, Utah, to witness a most beautiful sight. It was the ceremony of "capping" of the student nurses at the Holy Cross Hospital at Salt Lake. There was 31 in all that received their capes of blue and red, and white caps. The caps were beautifully presented by Sister M. Raphael R.N., M.S. director of school and nursing. Father Genaro Verdi addressed the group. The students were welcomed by Marilyn Howe, and accepted by Connie Fratto, president of the Class of 1958. The Class sang "I'll Walk With God." Joelyn Ashton, our granddaughter was among the students and is well known in Kings Beach, and graduated from Tahoe Truckee high school. About 300 attended the exercises. Oh yes, Marion Freebairn presented the Light of Profession, each student retained the lights with their name inscribed thereon.

New Owners

Earl Gray tells me that Lloyd (Robbie) Robinson of Los Angeles has purchased the Pine View Motel on Bear Street, and will be moving up in the very near future. We shall certainly welcome the Robinsons.

Burning Permits

Starting April 15th, burning permits are required for all outside burning including incinerators. The following restrictions will be in force: no burning if wind exceeds 4 miles per hour; one watchman during burning; water hose or five gallons of water at fire; clear inflammable material for distance of 10 feet around fire or incinerators and burn only from 5 to 9 a.m. and 7 to 10 p.m.; quarter-inch mesh is required to cover incinerators. Permits for the Kings Beach area may be obtained at the fire station of the North Tahoe Fire Control, however, do not call the fire phone for information, as it sets off the alarm, see Howard Mason or dispatcher Roy Porath on either side of the fire station for permits. Remember last year we had 33 fires, some of which were pretty bad. There has already been three, which is ahead of last year. Remember—Only YOU can prevent fires!

In Hospital

Sorry to hear that our friend A. E. Abbott has been in the Tahoe Forest Hospital for a real check up, but hear he is quite a lot better and we hope he will stay that way.

Coming Home

Just had a letter from Mac and

Thelma Burroughs who are at the moment in Great Bend, Kansas. They have had a wonderful time since December last. They are hoping they will be back to share in some of this beautiful weather that we have had during the past several weeks, so they intend to make the journey home during this week.

Long and Short Stay

Steve Riolo of the Riolo Inn, Kings Beach, was up for a few days taking a look at his property, and making preparations to open up in a couple of weeks or so. Dave and Marguerite Ashton returned last weekend after a stay in Altadena for three months. Joby Lewis brought his father up for a short stay.

Event To Come

Well, there will be another variety show in the Brockway Theater, Kings Beach. It will be put on by the Community Methodist Church and will be after the same fashion as the one a year ago. The date has not yet been set, but be on the lookout for the date and day. Jimmie Chastain will again be the M.C., says Mrs. Judy.

Signs of the Times

New neon signs are going up all over the place. A great big job is going up at the new Crystal Bay Club at Crystal Bay. Its a honey, and a new one is also already up at the Stop 'n Shop that is also a beauty. We now have bright lights at Kings Beach.

An Improvement

Carl Christiansen of Beachside Cottages at Kings Beach has torn down the old service station in front of the beautiful motel. They also have had a trip to southern California where they visited friends, Mr. and Mrs. Dan Strebel, frequent visitors of Kings Beach.

Home Again

Just talking to Mr. and Mrs. Doug Free who last week returned from Florida. They are very happy to be back, even though they had a most delightful time while basking in the sun, and I hear young Larry just had the time of his life fishing and swimming. Sure glad to see them.

Short Stay

I see too that Mr. and Mrs. Tom James of James Lakeshore Resort were up for a while, but not to stay yet. It won't be long now though.

An Addition

Cloyd Sipes is getting real busy with his addition to the already beautiful motel the Lake Air. I understand four more apartments are in the making.

Trip

Walt Bailey tells me the family had a nice visit with Glen and Mrs. Bullis who are now in Mill Valley and doing well. While there Janis and young Sandy took an airplane trip and were really thrilled at the experience.

Salt Lake Trip

The trip to Salt Lake City was quite an experience. Never thought there was so much desert. After we left Winnamucca we ran into terrific wind and sand storms which stayed with us to Salt Lake. At places visibility was nil, having to stop at times. Once we saw quite a sight. Literally thousands of tumble weeds crossing the road, and about five miles from the city, a brush fire which was about one hundred feet from the highway. We just made it past while burning embers were blowing across the road, but we were well repaid when we reached that beautiful city. We haven't seen anything so clean and prosperous looking in many a day. On Sunday morning it was like Easter, everybody dressed beautifully, and we went into the grounds of the Mormon church. The church was packed, and a thousand per-

TRADEWINDS WILL FEATURE CHINESE FOOD AFTER FRIDAY

KINGS BEACH—Starting Friday, the Tradewinds at Kings Beach will start serving its famous Chinese and Cantonese foods.

Jimmy Chin, who has presided in the kitchen for the past several seasons, has returned and Host Joe Ross will be in charge of the cocktail lounge and dining rooms. Chinese dinners, with all the exotic spices and savory dressings and gravies, will be on the menu and dinners or special dishes may be ordered for taking home.

MORE THAN 7,000,000 CATCHABLE TROUT WILL BE PLANTED

Catchable trout planting allocations for the five fish and game regions in California have been announced by the Department of Fish and Game.

Commission policy calls for planting catchables 7½ inches long. The department will reach this goal in most cases this year, and in 1957 the specifications should be fully met.

A total of 7,027,000 catchables will be planted throughout the state. Many already have been stocked in anticipation of the various trout openings, but the peak of planting will occur during the vacation season.

Allocations by region follow: Region I (Redding) 731,650; Region II (Sacramento) 1,160,000; Region III (San Francisco) 835,000; Region IV (Fresno) 1,640,000; Region V (Los Angeles) 2,660,000.

Plantings in individual lakes and streams will depend on condition of the water, fire closures in certain areas, and provisions of the fish and game commissions catchable trout policy.

Names of lakes and streams to be stocked during the trout season will be announced at regular intervals by the various regions of the department of fish and game.

State Taxpayers May Apply For Extension In Filing Tax Forms

Proof that even income tax collectors have a heart was furnished today by Robert C. Kirkwood, chairman of the Franchise Tax Board.

"Taxpayers who are not able to file their state income tax returns by the deadline of April 16 may apply for an extension", Kirkwood said.

To obtain an extension, application in triplicate should be made on form IT501 and filed with the Franchise Tax Board on or before April 16. A concise statement of

reasons for the extension must be included in the application, Kirkwood said.

"Extensions are granted for a period of 90 days unless a longer period is requested. Except for taxpayers who are abroad, a time extension for filing the return may not be granted for longer than six months", declared Kirkwood.

Forms for making application for extension may be obtained from the local office of the Franchise Tax Board, 1020 N Street, Sacramento.

mento 14.

Unless an extension of time for filing is obtained, returns must be filed before midnight, April 16.

An extension for filing a return does not extend the due dates for paying installments, Kirkwood said.

The navy's A4D attack plane weighs 15,000 pounds and has a wingspread of only 27 feet, six inches. It is currently being tested at the Navel Air Test Center, Patuxent River, Md.

TO THE VOTERS OF THE FIFTH NEVADA COUNTY DISTRICT

As I enter the campaign for the primary election on June 5th as your unopposed candidate for the office of Supervisor of the Fifth District, I do so in all humility.

To say that I appreciate your confidence in permitting me to seek my fourth term without opposition, is an understatement, and I can only say thank you most sincerely.

With this confidence, I can say to you that I shall increase my efforts for the welfare of the whole district and as your representative on the Nevada County Board of Supervisors, will do everything in my power to complete projects now pending and undertake new development which I am sure will prove of great benefit to all of us in this end of the county.

From time to time, during the next few weeks, I plan to enumerate some of the more important projects which I feel, and I'm sure you feel, are vital in promoting the best interests of the district. Highways and streets, quite naturally, occupy a place of first importance and with the new four-lane route by-passing our main streets, this becomes an even more vital issue.

Our roads are now operating under the jurisdiction of a road commissioner and the individual powers of a supervisor have been sharply curtailed, but I can assure you in good faith that I will do what I can to provide the necessary requirements for maintaining and improving our thoroughfares.

This and other programs will receive my honest consideration and I earnestly solicit your suggestions at all times on any matter in which I can lend assistance.

Again I thank you for your past support.

Sincerely,

H. G. LOEHR, Supervisor, 5th District

AFFAIRS OF STATE
by
Henry C. MacArthur

SACRAMENTO —(CNS)— The battle royal before the state senate finance committee over the request

of Attorney General Edmund G. Brown for \$30,000 to intervene in the case of the El Paso Gas Company rates was one of the finest political brawls to come out in the open in a long time.

Usually, politics are marked by innuendo and occasionally a blast, particularly at election time, between principals who are far apart. There was no such reservation, however, before the state senate

finance committee when William Bennett, deputy attorney general presented the case of Democrat Attorney General Edmund G. Brown for \$30,000 to hire a couple of experts in the east to assist him in intervention in the rate case.

The row is between the California Public Utilities Commission, a Republican appointed body, and the Democratic attorney general. The Republican dominated senate finance committee, as was expected, "laid the request on the table" after a Democratic Senator moved to give Brown the money.

During the presentation of Bennett, made on the grounds that the funds were for protection of the gas consumers of California, and that new methods of determining gas rates had been adopted by the Federal Power Commission, the deputy attorney general inferred that the Public Utilities Commission had not done its job properly, through its failure to intervene legally in the case.

All of which brought Republican Senator Ben F. Hulse almost out of his seat to ask if Bennett contended the Commission was not doing its duty.

Reluctantly, Bennett said "yes", and then Hulse threw a double-edged question and asked Bennett if the members of the Commission were not guilty of malfeasance in office.

Bennett said he wouldn't answer the question, whereupon Democratic Senator Hugh Donnelly, of Turlock, remarked that it was like the old trick of asking a man if he has stopped beating his wife.

Peter Mitchell, chairman of the Commission, who announced himself as a registered Democrat, (he was appointed by a Republican), arose to the defense of the Commission, said it has taken every step necessary to protect the interests of the public and intended to keep on doing so.

"We've done our duty", said Mitchell, "and we challenge anyone to say we haven't."

When the issue came down to a vote, Senator Hugh M. Burns, Fresno, (D), advised the committee he felt that any assistance the attorney general could provide in the rate case would be helpful to the people of the state.

But Senator Arthur H. Breed, (R) of Alameda county, offered a substitute motion to Burns' motion to grant the \$30,000. Breed moved to lay the matter on the table, and by a voice-vote, the committee passed Breed's motion. Breed explained it wasn't a matter of \$30,000, but a matter of principle, and expressed the fear that if the legislature starts granting funds for intervention of this type, there would be no end to the requests.

So, the attorney general does not get his \$30,000 appropriation.

The first named varieties of cherry trees planted in California were shipped around the Horn and planted in the Napa Valley in 1850.

S. P. Finds New Way To Save Sand; Cost Is Declared Million Yearly

Little grains of sand make more than mighty deserts.

For years the gritty stuff, used to keep train wheels from slipping on grades, has been piling up to mountainous costs for the nation's railroads.

But now, it was announced today,

CERTIFICATE OF PARTNERSHIP TRANSACTING BUSINESS UNDER FICTITIOUS NAME

NOTICE IS HEREBY GIVEN that the undersigned, John E. Lloyd, Jr. and Jack W. Ellis are transacting business as co-partners under the fictitious name of "TRUCKEE AMBULANCE SERVICE". Transacting business as an ambulance service at Truckee, California, County of Nevada, State of California.

The names in full of all the members of said partnership and their respective residences are as follows:

John E. Lloyd Jr.
Truckee, California
Jack W. Ellis
Truckee, California.

Witness our hands this 9th day of April, 1956

Jack W. Ellis
John E. Lloyd, Jr.
STATE OF CALIFORNIA)
COUNTY OF NEVADA)

On this 9th day of April, 1956, before me John W. Finnegan, a Notary Public in and for the County of Nevada, personally appeared JOHN E. LLOYD, JR., and JACK W. ELLIS, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

John W. Finnegan
NOTARY PUBLIC in and for the County of Nevada, State of California.
My Commission expires 9-3-56 (seal)

A12,19,26; M3.

Southern Pacific technicians have found a way to cut the expense closer to molehill proportions.

Through improved application methods, J. W. Corbett, SP vice president of system operations, says, one-sixth as much sand will do the job as well, eliminating much of the heavy cost of dropping and later cleaning the sand out of track ballast.

These costs, according to Corbett, now run Southern Pacific over \$1 million each year.

The excess sand in ballast, it was explained, destroys much of the cushioning effect of the roadbed, in addition to obstructing drainage of water.

Object of the tests was to find a better way of getting the minimum amount of sand needed on the rail with a minimum of waste. To test the experimental patterns a unique "sand camera" was built.

It was found that one-half pound of sand per minute is needed for effective sanding at each wheel of a locomotive, where previously as much as 5 pounds were dropped.

Results of the research, carried out by SP's research technicians with assistance of Stanford Research Institute, Menlo Park, California, and Batelle Memorial Institute, Columbus, Ohio, will be made available to railroads throughout the nation, Corbett said.

Salesman Sells Despite Not Receiving Orders

John Lloyd, who operates the service station at Truckee Resort encountered an example of things to come the other day when he was victimized by an unidentified salesman in the amount of \$18. Lloyd left his nephew, Jerry Livers of Napa in charge of the station while the former went to Tahoe for a bit of fishing. Upon his return, Lloyd found a case of brake fluid which the salesman had left and for which he collected from the unsuspecting youth.

The salesman first determined that the owner of the station was not available and then informed the boy that the fluid had been ordered by his boss and that he had to collect for it.

A report was made to the California Highway Patrol but at latest reports no trace of the salesman had been found.

Federated Women's Club To Hold Meet At Lake

The Northern District, Federated Women's Club will hold a convention on April 23, 24, and 25 in the Biltmore and Crystal Bay Club at Crystal Bay, Lake Tahoe with the Monday session opening at 2 p.m., with the Tri County Club as hostess.

A general outline of events for the three days includes a dinner to be held at 6 p.m. on Monday in the gay nineties theme, followed on Tuesday with a 12:30 luncheon for the state president and officers of the organization.

Installation of officers and a banquet will be held Tuesday evening, the convention concluding on the following day with a luncheon for the new district of Sutter and Shasta.

Mrs. Fred Pedley of Truckee was named general chairman and is in charge of reservations.

From Al Tahoe—

Mrs. Norma Highfill is again greeting local friends, having returned from Al Tahoe where she has spent several months.

Guests From Bay—

Mr. and Mrs. Jack Pistoia had as their recent guests Vasco Pistoia of San Francisco, nephew of the local man and Mrs. Felix Kohler of Palo Alto, a frequent visitor here at the home of her brother in law and sister.

CHURCH NOTES

Tomorrow evening, Friday the 13th, the Community Methodist Church will hold a Family Night in the church. The affair begins with a potluck supper at 6:30 p.m. Please bring a salad, hot dish, or dessert, as well as the whole family. Food, fellowship, singing, games, worship and a film is in the offering. The evening program will end at approximately 8:30 p.m. so that young ones can be in bed.

There will be a film shown at each of the Youth Fellowship groups. The Intermediate Fellowship meets at 5 p.m. Sunday with Sam Medford and Nocky Stone in charge of refreshments. The high school MYF meets at 7 p.m. Monday. This is an important meeting and all are urged to be present.

The women's Society will meet on Thursday, April 19th, at 1:30 p.m. with a program on "Ventures in Discipleship". Participating will be Mrs. R. L. King and Mrs. Wm. Englehart, Jr. Following the program will be a business meeting after which refreshments will be served. Note the Thursday date instead of the regular day, Wednesday.

On Wednesday, April 18th several women of the W.S.C.S. will go to Rio Linda for the Annual District W.S.C.S. meeting. Those interested in attending please contact Mrs. Jack Ellis. A nursery will be provided at the meeting.

SPEAKERS TO TALK ON OLYMPIC GAMES AT JOINT CLUB MEET

Preparations are being made for the reception of 100 or more members of six service clubs of this district who have been invited to attend the joint dinner meeting to be held at the high school cafeteria next Wednesday evening at 7 o'clock.

E. V. O'Rourke, chairman of the Truckee Lions Club committee, host for the evening said invitations have been sent to the Truckee, Brockway and Tahoe Rotary Clubs, the Lake Tahoe Lions Club and the 20-30 Club.

Recital For Musicians Held At Gateway Home

Vocal and instrumental students of Victor McLane presented a recital last Thursday at the home of Mr. and Mrs. E. L. Olson in Gateway Park.

Those participating included Eileen Olson, piano; Terry Ellis, voice; Douglas Nelson, trumpet; Mark Good, trumpet; Pamela Rose, clarinet and Dorette, Rose, flute.

Attending were Mr. and Mrs. Milford Good of Kings Beach, Mr. and Mrs. Jack Ellis and daughter, Kittie, Mr. and Mrs. Karl Kiehlhofer, Mr. and Mrs. George McLane of Walnut Creek, Mr. and Mrs. Dave Rose and Linda Giovannoni, Mrs. Harry Barnes and daughter, Virginia, Mrs. L. D. Nelson, Mr. and Mrs. Victor McLane and Mr. and Mrs. Olson.

Refreshments were served at the conclusion of the affair.

59 NEW BOOKS ARE RECEIVED AT LIBRARY

The Community Center Library is the recipient of fifty-nine volumes of books presented by residents of the district during the first quarter of 1956. Among the number there are both fiction and non-fiction, new and used. Donors are Mesdames Frank Fox, Hilda Hintz, David Rose and Fred Schultz.

Circulation statistics for community patrons continue to grow. March's circulation is much higher than former years through a bit lower than the record set in February.

Local Students High In District Spell Bee

The Placer County finals of the Central Valleys spelling contest, sponsored by the Sacramento Bee, were held at the Alta Elementary School on Friday.

Tim Ridsen of Truckee, and Andrew Peterson of Norden, represented the Tahoe Truckee Unified School District. Both boys placed in the top four from among 14 participants. The contest consisted of 50 written words and ten oral words. Tim was in company of his parents, Mr. and Mrs. Eugene Ridsen, and Andy was in company of Wm. Carrico, Principal of Donner Trail school.

At any one time the Navel Air is testing nearly 30 different types Test Center at Patuxent River, Md., of planes.

Mrs. Ray McCarty Will Head Wyethia Club

Mrs. Ray McCarty will become president of the Wyethia Club on May 1, due to the recent resignation of Mrs. Eugene Welch. In her letter which was read by Mrs. Elizabeth Bavier, secretary, Mrs. Welch said that other pressing duties made the change necessary.

Another vice president will take the place of Mrs. McCarty at the next meeting of the organization.

Mesdames Welch, A. Benjamin, Mary King, Elizabeth Bavier, I. Firpo composed the refreshment committee at the last meeting when the group met with the Donner Dancers in the Veterans Memorial Hall.

Foreign Dish—

A picture plate made in France in the 1800's has been on display in Hellers Variety window.

SUNSHINE CLASS IS INITIATED AT MEET

A class of candidates was initiated during the Wednesday evening meeting of the Pythian Sunshine Girls, Donner Council No. 13 at which Nona Rae Coffey presided.

Lois Freeman, Joan Brown, Valerie Mandeville and Janice Roth were accepted into the council during an impressive ceremony witnessed by councilors, mothers and members of the group.

Sheri Curran, Freda Harris and Shirley Patton served refreshments at the close of the evening.

Miss Coffey was elected as representative to the grand council which will be held in July at Los Angeles. Mrs. Charles Heller will accompany the delegate to the southern city.
